

## COUNSELORS

These are some of the psychologists/counselors we recommend. Please make sure the specialist you choose to see is covered by your insurance. If your insurance company requires a referral or pre-authorization, call us with the specific appointment date and time after you have scheduled your appointment with the specialist. If your insurance company requires a referral/pre-authorization, but you fail to notify us in advance, the insurance company may refuse to pay for the visit. You must give us at least three working days to process the paperwork.
